Prologue

This book is from my experience of dealing with an outsider of the group 100 kings and 100 Queens, a tribe and a Universe City. I had to cool myself off, so I leaned to a more serious but comedic way of dealing with it in book form and on video plus audio. I acted as if I were Fitz from Daredevil and I think I sounded like him but even if many think I didn't it kept me calm.

So, this is part 1 of this and the next will be coming soon so be on the lookout.

What you will get out of this is stay vigilant, diligent, loyal and faithful and things will go your way. Also to be on the lookout for those who are seeking to bring your empire down. And lastly trust only the God in you.

Chapter 1

6 Nizzles in a Cadillac

Kings and Queens! Clash your swords! Yeah! Yeah! Yeah! Yeah! And we don't stop! You kings and queens already know!

Kings and Queens show them who you arrrrrrr.

Let's show em, show em, show em, yeah yeah.

Microphone up here for this book. Turn that microphone up a little bit so this book can be read. Yeah, yeah, yeah, yeah, yeah. That's what I'm talking about right there. All right. So, I'm about to talk in my Fitz voice in a minute. But on the screen, do you know who Fitz is? Fitz Gerald V. I don't know who that is, but it sounded good, though. Now I'm talking about Fitz from Daredevil. But anyway, on the screen, as you see, you see six nizzles and a Cadillac.

It is out. Barcode number 0655847250004. That's the transmitting utility number. Okay? If y'all get any of the products, you automatically have a transmitting utility. Because you can transmit that over to the other party. Because it's backed by gold, silver, or copper, or one of the earth's elements.

Okay? And this one here is backed by gold and Jamaican sand. Okay? So, what we have here is by me, King Stevian, six missiles in the Cadillac. It is a 10-track album. Okay? And it's thirty dollars. It comes with the two Deeds, the Certificated deed and Assignment deed, and it was one I just made. Was that this one?

It's one of them that is so beautiful. I'm telling you; it is beautiful. Let me see if I can find it. Yeah, let me pull it up. There we go, right there. Six nizzles in a Cadillac. That is beautiful. Let me blow this thing up here. Just gonna blow this up. Can I blow that up? I love it. Uh-oh. Come on, get larger, get larger.

Now I'm just moving that point, Tony Parker. There we go. All right. There we go. Love it. This claim is made for 31 U.S.C. 3727 for purpose of showing ownership for the right to assign. And then it got under that everything is backed by real estate.

And of course, it looked like that because I wanted it to look kind of old because the paper is on. And when you print it, it'll look like that. There you go, right there. Signed to and owned by you. Okay. And then you put your type of notary on there. Okay. You go down to the bottom. Got the page number. That's it. Got the barcode number right there.

Matches up with this over here. Let's go over here. Yep. See? And it is registered with Nielson SoundScan /Luminate. Okay? So, it's available. Also available, we have through the DLT dispute letter. That's ten tracks. Another four hundred million deed for you with assignment deed included. We have the certificates, and I still have about thirteen more packages to go out, that's it. It will be going out next week. I thought it was going to be last week, but we came across something that we're about to talk about today. So that's one twenty-five, and that is five hundred trillion. That's what this one is, okay? And it's one twenty, okay? And the deeds come with that when you are downloading. No, this (the physical certificate) is mailed to you. Excuse me. This is mailed, okay?

Make sure you have the correct address. Do not use P.O. Boxes. And this right here is the laid-back acapella. It is only five dollars. And you have forty million. Because one track is forty million times ten, which is four hundred million. See how that works? Right. If you were to buy ten tracks, that would be fifty dollars. But the album that I'm going to put up is only going to be thirty dollars.

See, and the reason we're doing it this way, so that we don't have to go over to Amazon or all these other European colonizer sites, and then you must come email me, ask for a deed, that's a lot of work. I want to get it straight to you, boom, get everything at once. Okay? Transactions. And they pay better. Okay? No one's controlling what we do here. Okay? So that's the things that's available, and this is, like I said, five dollars. Okay? So go ahead, show your support, and

Hey, get six nizzles in a Cadillac. Available on Fourthwall.com

Chapter 2

Proof of Delivery of Services and Goods

Now, we're going to go over to this thing here. Let's scroll up, let's scroll up, let's scroll up quick. Let me make sure I get this right. Some of y'all might have seen that, but this is a public release. Yup, public release. There's a public lawsuit going on and it's public, their name's going to be there. But I'm not going to show the name on there. They briefly just showed it, but that's okay. So, I need to change into my Fitz voice from Daredevil, because I don't want to be cussing. You know, this is how we're going to do this, right? That was this woman. Her name's LaTonya and she's from California. Now, all of you remember that I said some time ago that I would not ever deal with Californians again. But I realized everyone from California doesn't try to scorn you. So, I was just doing it to warn you. So, I took a try anyway, and I stayed dealing with Californians, those who are struggling.

And it never fails. They come and try to scam. So, at this moment, if you are from California, I will have no dealings with you ever again, except King Samaj of the Colson estate. If you're one trying to do the SPC process and get my help,

I cannot help you unless, unless you prove to me that you stand beside me, fight beside me in this fight. And I'm going to show y'all at the end of this live how to fight this person who tried me, King Stevian. So, if you want a report of this with

the person's phone number and information, email me at cityside2006 at gmail.com stating in the header, give me the link to the lawsuit. Now, at the end of this live, I'm going to show you how we're going to act.

I'm going to get you on the phone, so that way you can take action. Try to keep my Fitz voice just right. Because Fitz's voice is cool and calm. And he's not cursing like King Stevian. Oh, bitch, motherf@#ah! No. Not in my Samuel L. Jackson voice at all. So, it sounds like Batman. But anyway, we're going to start here.

Then I put a phone number right there, because it's the scam number. It's mighty funny, when you look up someone's phone number, it will come up with their name. But for some reason, her name didn't even come up. Scam technique number one. Now I want you to read this. It's the number this person called from stating they were trying.....to get free and free her bloodline but come to find out as suspected by the one hundred King's and one hundred Queen's tribal team, she was suspicious and turned out to be true of her being a scammer. King Stevian of Cityside, but of the Stevie Tyrone Thompson Estate Trust, just got hit with five fraudulent claims from this person stating she never received any of the five items she purchased. But from the proof, she is lying to PayPal to get money. Earlier this year, King Stevian stated that he would not deal with the Californians any longer because every claim was just about from people from California. California has an economic issue where many are trying to keep their heads above water but lying and trying to bring others down. I got to get on the person that typed this up. King, that was you. I'm not King, I'm Fitz right now.... lol.

With you is not a good idea...Latonya she has already broken the rules and regulations of the one hundred Kings and Queens tribe, along with the NDA she signed. As y'all know, that's one hundred million for her, her estate then her person/strawman or straw-woman. And every one of you who are part of the one hundred Kings and one hundred Queens, whether you're on YouTube or whether you're in the university, has a stake in that which comes to one or three hundred million for all that is mentioned per offense/charge.

Chapter 3

One Strike Is All It Takes

To get one to three hundred million, I will show every one of you who stands with me in this fight against this one being how to go about it. Make sure you email cityside2006 at yahoo.com if you want to participate in this lawsuit against this Latonya, OK?

So, King Stevian stated that he felt she was a scammer. They're trying to learn his IP/SPC process so she/they could sell it. The USPS tracking number showed that she received the package (guilty as charged) in the mail and that the group's administrative process was initiated and finished. But she stated to PayPal that she didn't receive anything.

The one hundred Kings and one hundred Queens was there, excuse me, was there during the interview process and King Stevian has all the receipts of what she received. The first is the tracking number and all y'all can look this tracking number up right now on USPS. So, you know she's lying. 9400111206206854794780. You can see yourself; she received it. She also received the.....uhm excuse me, silver certificate. Two, the USB for the BC. Three the Ledger book, all which are four ounces together.

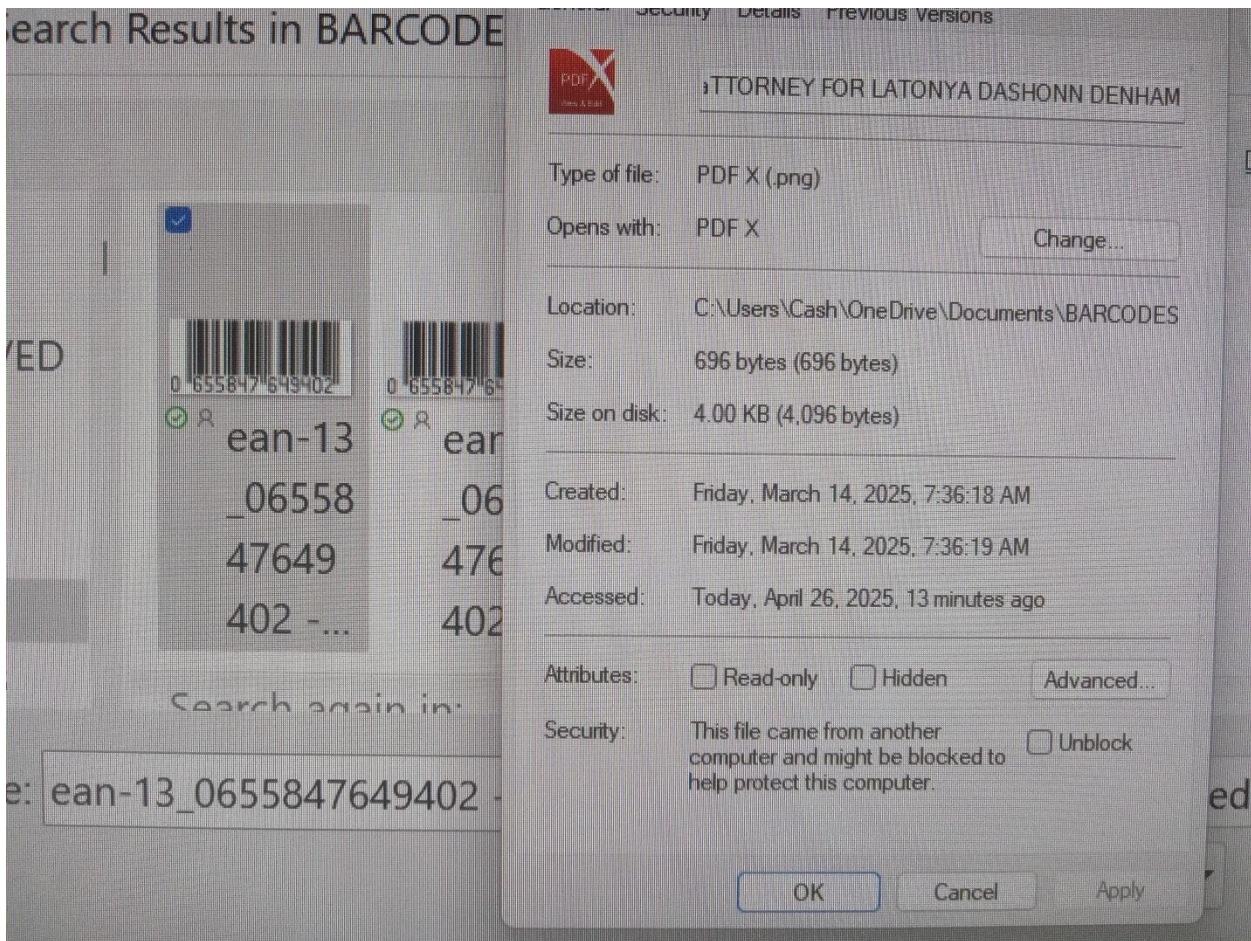

Four, she got the interview by the three kings. That's King Tee Nomal, King Lissade, and King Drahcir, and the group of twenty that voted for her not to be in the tribe. Because they said she sounded like a scam artist. Five, the EAN barcode for the Durable Power of the Journey. See all the proof attached. King Stevian and his team are seeking damages for, one, emotional distress.

So, if you feel like, I'm not going to do anything for anyone at this point until this is handled. If you feel like you're being set back by this person, you as a member of the 100 Kings and 100 Queens have every right to file your lawsuit by mail against her. And I will show y'all how to do so. So, Tuesday, I will allow y'all to come in upon, only upon, proof that you are a subscriber on YouTube or the university. Legal, lawful, time-used, products stolen at the time of dispute, 2.4 billion in assets, fraudulent claims, defamation of character, and of a devalue of trade names, and trust account. Our PayPal is in the trust account name. Also mail fraud, identity theft, tax evasion, securities fraud, wire fraud, see the proof below.
